

vzw Beiaardschool Mechelen

In 2008, the City of Mechelen took over the function of governing body from the not-for-profit association Beiaardschool Mechelen. The association continued to exist, however, as an instrument fund and as a support organisation for international projects. Nowadays the association is responsible for the organisation of competitions (such as the **International Queen Fabiola Competition** (<http://beiaardschool.ego4.mechelen.preview.anaxis.be/koningin-fabiolawedstrijd>)), the annual summer carillon concerts, the publication of music and other publications, the organisation of conferences and seminars, master classes and post-graduate training.
